INTERNATIONAL CONFERENCE "Data Intensive System Analysis for Geohazard Studies"

18–21 July 2016
Sochi region, Mountain cluster, Russia

Day 2 – 19 July, 2016

Morning, afternoon

8:45 – Meeting point: Organizing Committee desk

Fish and honey tour

The Fish and honey tour consists of two parts: the excursion to the apiary and excursion to the trout farm.

Part 1: Excursion to Trout Farm

The trout farm "Adler" is the largest fish farm in Russia. It is situated in picturesque highlands near Mzymta river. More than 600 tons of trouts per year are raised in crystal-clear spring water in 130 pools. During the excursion guests will learn interesting facts about trout and the farm, will be able to feed the fish and taste a freshly cooked trout.

Part 2: Excursion to apiary

The guests will see how the famous Caucasian bee lives and taste honey of different kinds. Gamzat, the owner of apiary, will show his apiary, tell about the lifestyle of bees and explain how to choose the right honey. The guests will also taste herbal tea, mead, special tea with honey and spices, different pastries. Don't be afraid of the bees: they are very calm that allows tourists to feel themselves comfortable.

Duration: 3,5-4 hours

Evening

You expect to be back to the hotel at 15:00.
Free time to enjoy the local attractions of Rosa Khutor:

- Beach at the Black Sea near Sochi Olympic park
- Recreation zone Rosa Beach
- Health Club & Spa Pyramid spa-center
- Cultural and Ethnographic Center "My Russia"
- Galaxy Entertainment Center
- Eco-route "The path of health"

INTERNATIONAL CONFERENCE "Data Intensive System Analysis for Geohazard Studies"

18–21 July 2016
Sochi region, Mountain cluster, Russia

Day 3 – 20 July, 2016

Morning, afternoon

8:45 – Meeting point: Organizing Committee desk

City tour to Sochi

The guests will see the most popular Sochi parks – the Dendrarium (botanical garden) and famous highlights of Sochi, such as the Seaport, The Olympic Clock and others.

The Dendrarium is known for its rich collection of nearly 2,000 species of tropical and subtropical plants, and a large number of evergreens. Most of the plants are not native to Sochi but rather were brought here early in the last century from world-over – from areas of the Mediterranean, South and North America, Africa, India, Japan, and Australia.

On our way back to the hotel we will visit Stalin's summer residence.

Duration: 5 hours

Evening

IIASA Gala Dinner – 19:00-23:00

Venue: Rosa Khutor main square, in front of the Radisson Hotel

Dress code: cocktail attire

INTERNATIONAL CONFERENCE "Data Intensive System Analysis for Geohazard Studies"
